

CERTIFICATE

Permission to use the test mark

“Effectively reduces microorganisms”

The
gui-lab Engineering Company Dr. Winkens
hereby confirms that the air purifier

Zepter THERAPY AIR® iON

conforms to the requirements of the gui-lab quality mark.

This particularly confirms the high retention efficiency of the used filter stages against the smallest particles such as fine dust, bacteria, molds and viruses. The viruses are primarily those that are transmitted via droplet infection (e.g. SARS-CoV-2).

Zepter Medical GmbH

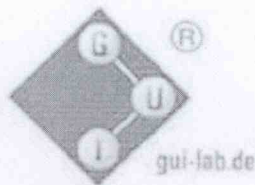

is therefore granted the right to use the test mark shown below
in connection with the above-mentioned product.

CERTIFIKAT

Dozvola za korištenje certifikacijske oznake

"Učinkovito reducira mikroorganizme"

Gui-lab inženjer dr. Winkens
potvrđuje da pročišćivač zraka

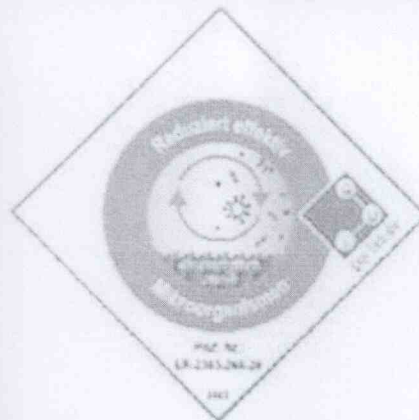

Zepter THERAPY AIR® iON

ispunjava zahtjeve certifikacijske oznake gui-lab.
Kao rezultat toga, visoka učinkovitost filtera u odvajanja najmanjih čestica
poput sitne prašine, bakterija, plijesni i **virusa JE POTVRĐENA**,
a u najnovijem slučaju, posebno onih koji se prenose putem tzv.
kapljične infekcije (npr. SARS-CoV-2).

Za

Zepter Medical GmbH

U vezi sa gore navedenim, dato je dopuštenje i pravo da se
uređaj može etiketirati dolje ispitanim testnim oznakama.
